

## **Feedback on 11 Days of Boarding Sessions**

Over the past 11 days, I had the opportunity to attend a series of insightful and well-structured sessions led by Shiva Shakthi Sir and Mariya Joshna Ma'am. These sessions were not only educational but also highly engaging, as each day introduced new topics such as project presentations, cold calls, mock interviews, and HR interview questions.

Before attending these sessions, I struggled with self-doubt, particularly when speaking in English. I constantly questioned whether my grammar, vocabulary, or sentence structure were correct. However, these sessions have significantly helped me overcome those fears.

Thanks to the consistent support, practical tasks, and valuable feedback provided by both facilitators, I now feel much more confident in my communication skills. I can now speak clearly in English, both in person and over the phone, without hesitation.

I am truly grateful to Shiva Shakthi Sir and Mariya Joshna Ma'am for their dedication and efforts in making these sessions interactive, challenging, and motivating. Their constructive feedback and encouragement have played a key role in boosting my confidence, and I now feel well-prepared to face interviews and professional interactions.
